

## Free Webinar - FlyQ New Features Overview

Fly Q from Seattle Avionics has some great new features. Learn how to use:

- New terrain base map
- New road base map
- New photographic (satellite) base map
- New SA Airport Diagrams for 4,600+ airports
- All-new TFR system including sports TFRs
- Waypoint idents on the flight plan line
- Added ground elevation for any point
- FAA and SA Airport Diagrams can now be overlaid on the map
- Added VSR (vertical speed required) gauge
- Web-Based FlyQ Online

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
